Dear, Houghton Mifflin Harcourt

Hi my name is Dazlyn Soseeah I'm in 5th grade at Dowa Yalenna Elementary. I am wondering why you didn't add more information about Tolumbus in the text book. It was just horrible because Tolumbus destroyed the Tinos land and Tolumbus killed them because they didn't have gold or they couldn't find gold.

Sometimes he would draw them in the cold water. I'm just upset because the Tianos were nice and greeted the nicely, Tolumbus just came to attack and get gold from the Tinos and to destroy their world also just to find gold just wish that Tolumbus didn't destroy their

Sand. Why did he want gold when he was already rich he was so selfish for him to do.

What Tolumbus did their aren't much Tinos in America no more it is just disappointing. I hated when I heard the real story about what Tolumbus did to the Tinos, their land. Why didn't you tell the truth? Do you like Thristopher Tolumbus? Why wouldn't you tell the truth? Only if Thristopher Tolumbus didn't destroy their land.

When Tosumbus made it to the Tinos land the Tinos gave them respect. And the Tosumbus started to just attack them it was so upsetting. When I heard Tosumbus did that horrible thing. I was just upset when Tosumbus had it to sail the ship to the Island they just wanted to kill the Tinos.

When Tolumbus first made it to the island they were so proud so they made a plan to make the Tinos find Gold for them so they can be rich. They were so selfish and killed some Tinos just to find Gold Didn't he think about they would feel if the Tinos did that to Tolumbus. Only if Tolumbus didn't do that because now today there is not that much Tinos in America no more.
